You are presented with figures on the left that have **letter codes** associated with them. Crack the code and work out the correct code for the shape on the right.

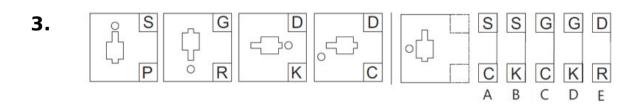

Example

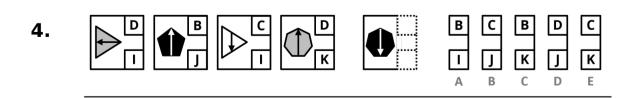

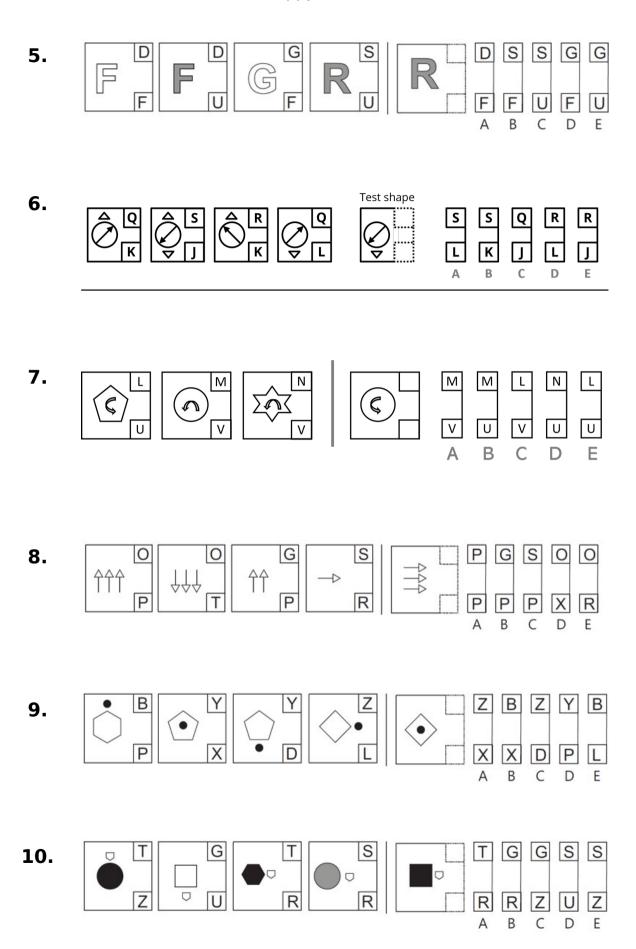

Answer C (Q = shape is white; Z = three-sided shape)

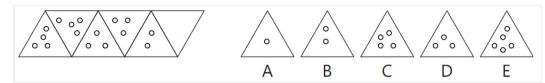

You are presented with a series with **one triangle missing**. The series will follow a pattern. Which of the figures on the right should go in the empty triangle to follow the pattern?

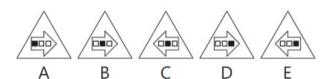

Example

Answer B (top triangle has 4 circles, then 3, then 2)

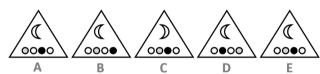

12.

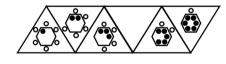

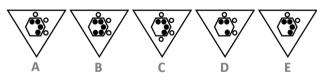

13.

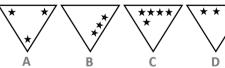

14.

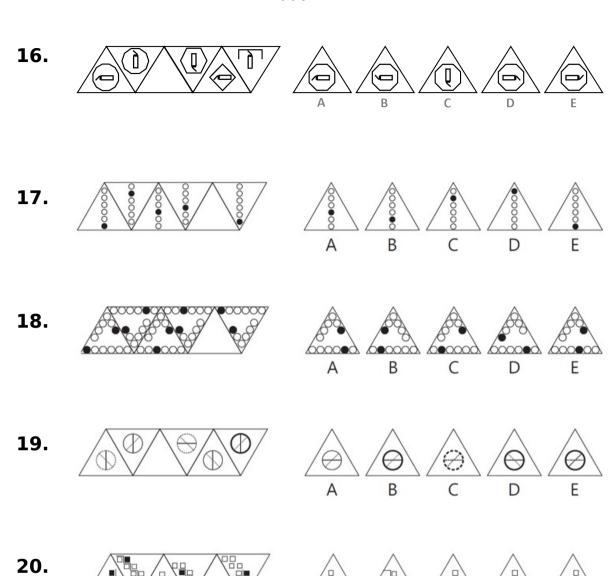

15.

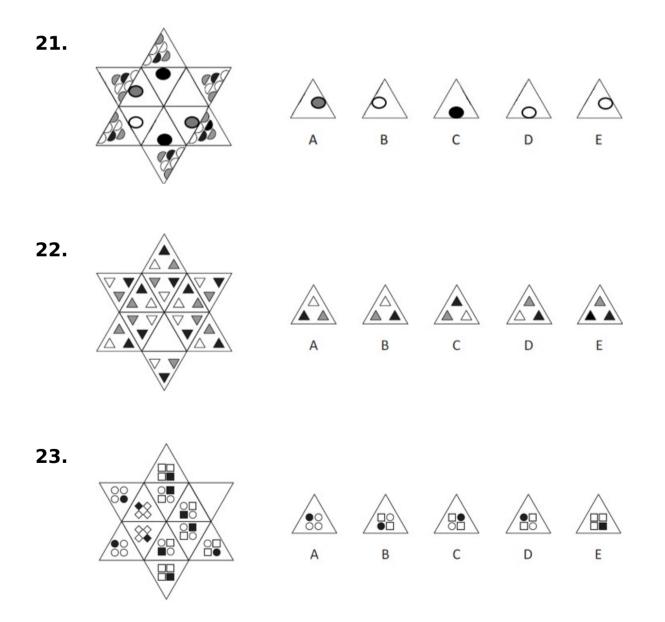

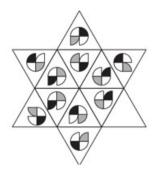

You are presented with a star shape made up of triangles. **One triangle is empty**. Which figure on the right should go in the empty shape to continue the pattern?

Example A B C D E

Answer E (One more circle moving clockwise around the inside ring)

24.

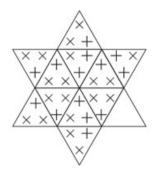

25.

/+ ×

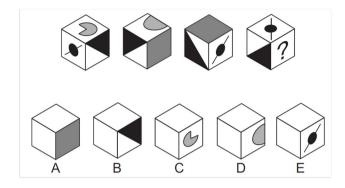

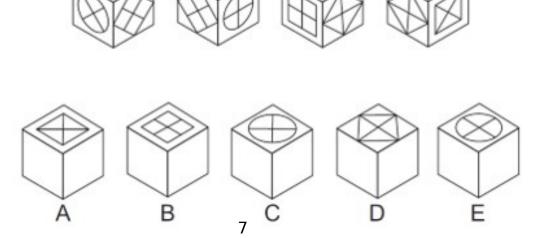

The top row is all the same cube, being spun around. Which of the answer options should replace the **missing face** with the question mark?

Example

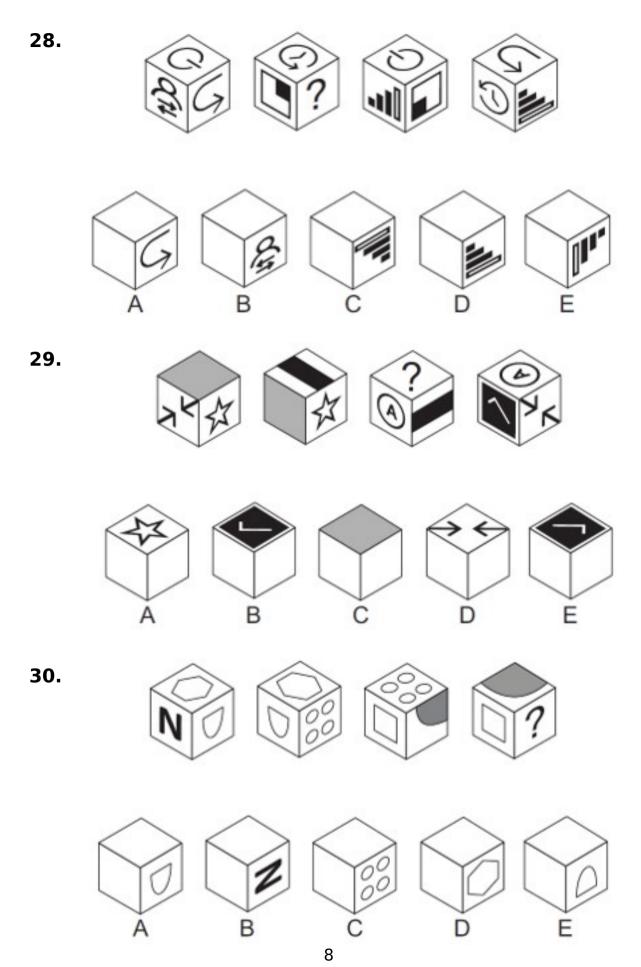

Answer C

 $\label{licensed} \mbox{Licensed for non-commercial use to shipz 1980@gmail.com. Sharing is strictly prohibited.}$

The large triangle on the left is made up of smaller triangles that are following a pattern. The large triangle on the right will **repeat that pattern**. Which of the answer options should go in the missing triangle to complete the pattern?

Example

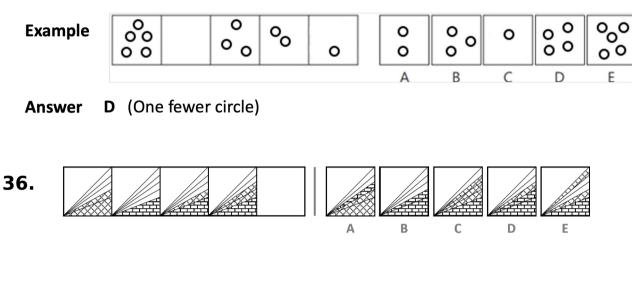

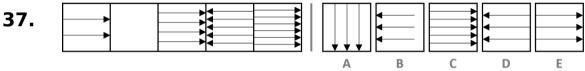

Answer C (One more stick in corresponding segment in right triangle)

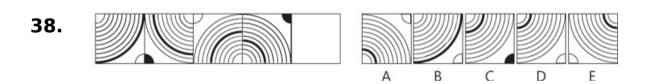

33. В 34. В Ε **35.**

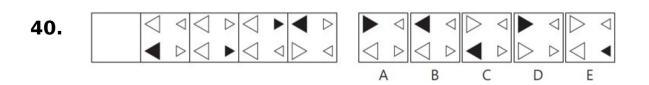

You are presented with a series with **one square missing**. The series will follow a pattern. Which of the figure on the right should go in the empty square to follow the pattern?

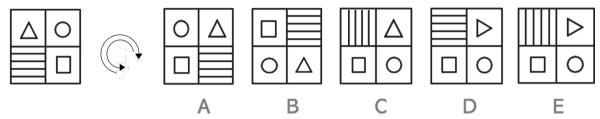

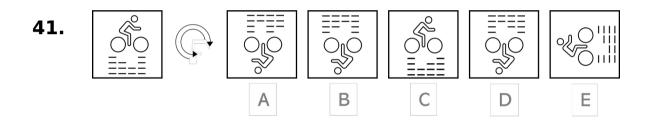

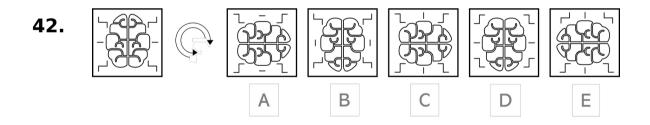

One of the figures on the right is **identical** to the figure on the left **after being rotated** (spun round) into a different position. Identify this figure and mark its letter on your answer sheet.

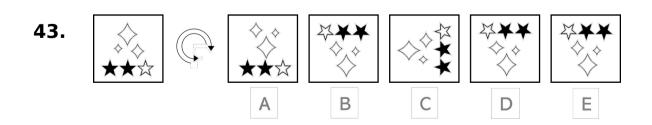

Example

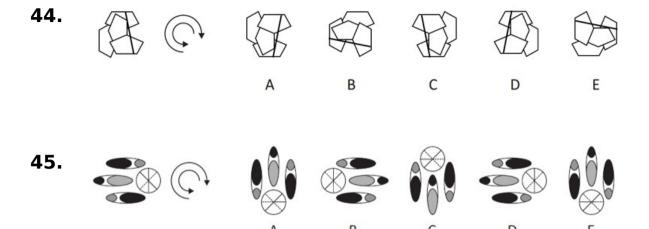

Answer E (The shape rotates clockwise by 90°)

The figure on the left has been **reflected horizontally**. Identify which of the options on the right is the correct reflection and mark it on your answer sheet.

Example

Answer E (The arrow has been reflected and so should point to the left)
